

Dubai – the city of luxury and superlatives!

Prague, June 15, 2015

Welcome a new addition to the list of available photo guides in the Fripito application. A photo guide of Dubai is available for download until May 21, with a time-limited offer 50% off. The author of the complete photo guide is Renata Burianova. The Fripito app is free and available in the AppStore and on Google Play.

The author, Renata Burianova, is a passionate amateur photographer who fell in love with Dubai. Her photo guide presents Dubai not only as the city of superlatives and skyscrapers, but also as the city of glass, metal, endless beaches and turquoise sea. You get the opportunity to get to know a place where traditional Muslim architecture meets exceptional modernity. Get to know the traditional, everyday life in the streets and local markets, and at the same time experience the futuristic “tomorrow land”, which was built on the incentive of Arab visionaries. The author includes personal tips on accommodation, restaurants, cafés and local markets or shopping malls. The photo guide also includes 50 exclusive photographs with GPS location, tips for photographers, and offline maps.

The “Dubai” photo guide will be during its first week on the market available for a time-limited price of USD 1.99 (the offer applies till June 21, 2015).

Renata Burianova is the zealous author of Dubai guide. She was introduced to photography by her dad, when she was 13. She started with FLEXARET and ZENIT, now she works only with Canon. She is charmed by the possibilities in this field in relation to IT technology and is nearly becoming a collector of applications and post-processing programs. Photographer’s hand should be steady. Her is not. She was diagnosed with Parkinson’s disease, young onset. She is thus among those few patients struck with the disease before reaching 40. Some pictures are not sharp enough and this is why. She tries to compensate for her handicap by using faster shutter speeds. Photography helps her find joy in every day and so she says: “I photograph and I am here!”

Our customers may also purchase other available guides, among them Iceland, Prague, Bohemian Switzerland, London, Canary Island, New York, Madeira, Philippines, or Bolivia; or download a free sample of the upcoming guides, such as U.S. National Parks, Japan, Israel, Botswana, Namibia, and many more.

The app offers two types of guides according to their content. If you purchase a guide tagged as “Inspiration”, you will receive practical information about the best times to visit, transportation, accommodation, local cuisine, etc.. Your guide will also include 50 images with all the technical information about how the picture was taken, and further tips, such as: when to go, what not to forget, or what to avoid.

A guide tagged as “Photo Guide” includes, in addition to the Inspiration content, a detailed time schedule which will help user to make the best use of his time.

A Fripito user can also download for free a guide tagged as “Coming Soon”, where you get a basic description of an up-coming guide, including 10 images with hints and tips. The prices for each guide vary from US\$ 3.99 to US\$ 9.99, according to their content.

The project was founded by Jan Brezina, a photographer, traveler, video caster, journalist, and an Apple and Adobe certified trainer.

Jan Brezina

Since 1999, he has been an active lecturer, mentor and a promoter. He is a member of the Photo Marketing Association International (PMAI) and the International Photographic Council (IPC). He is an Adobe Certified Expert (ACE), Adobe Community Professional (ACP), Apple Certified Trainer (ACT), and a co-author of numerous photography books. Since 2006, he has traveled all around the world as a guide and organizer of photographic expeditions. Jan is one of the leading video casters in the Czech Republic (Digit and 4Foto) and he founded and runs the community server Macforum.cz. As a professional photographer he focuses mainly on portrait, glamour, and nude photography and in his free work he is quite devoted to landscape and travel photography. Fripito Corp. is an American corporation founded at the end of 2003 in Las Vegas, Nevada. The application development is based in the Czech Republic.
